Bay Minette Campus

The residence halls are not just piles of brick and mortar. Here you can chart your course for an exciting future and meet people who will become lifelong friends no matter where you may go. With a few guidelines, campus community living is a place to build relationships, discover your real potential, and develop your world view.

The College offers its residential students convenience, comfort and security while they take college classes and participate in community life on our campus. Sports events, dances, intramural sports, movies on the quad, theater productions and school academic, social & community organizations galore; a student can become as involved as he or she wishes. Living on campus simply makes life easier!

Resident Assistants

Resident Assistants, or "RAs," are full-time students who live with the residents of a particular floor. RAs assist the Resident Director in managing facilities, coordinating activities and programs, information dissemination, and policy enforcement. They direct their efforts toward building a community atmosphere.

RA applications are accepted in the Spring semester for the upcoming academic year. We are continually looking for candidates who have an interest in making a positive and lasting contribution to residence life at Coastal Alabama. RAs gain valuable leadership experience and develop interpersonal and communication skills that serve them well in whatever careers they choose. The compensation for a RA is room and the rewards inherent in helping people achieve a richer collegiate experience and building memories that last a lifetime.

For more information, see the Housing Handbook.
